

# NIGHT HUNDRED THOUSAND MORE MEN TO BE DRAFTED.

## Mighty Moves of Diplomacy Block War Drives.

## QUOTAS OF THE STATES ARE STILL IN DOUBT.

**NEGOTIATIONS NOW ON MAY ALTER WAR PLANS.**  
Mention of the World for the While Riveted on Impending Decision of Japan to Enter Siberia.

WASHINGTON, March 6.—(By Direct Wire—Exclusive Dispatch.)  
Requirement of Entente supplies will be tantamount to rendering enormous aid to the enemy. They are for employing force to hold Germany back in Russia, to save Russia from her own internal enemies and to provide a rallying point for a new provisional government of Russia faithful to the Allied cause.  
They are for commissioning Japan to employ this force in Asiatic Russia because Japan alone is capable of placing an army in Siberia.  
President Wilson is opposed to this policy. He would not intervene in Russia except upon the invitation of the Russian government, though he has not recognized that government as the lawful government of Russia. He is of the opinion that under the circumstances moral action will be more effective than Russia in reviving the spirit of the Russian people to resistance of the German menace and that the moral effect of unsolicited Allied intervention would be worse for the Allied cause than physical losses of war supplies and territory to the Germans.  
The divergence of opinion between the President and the Allies on eastern policies has been developing for some time. Lloyd George washed his hands of the Bolsheviks. Mr. Wilson sought to appeal to the Allies to recognize the Bolshevik government. About a month ago the administration was on the point of recognizing the Bolshevik government. Col. House and his followers were ardent for recognition. Secretary of State Lansing stood out against it.  
(Continued on Ninth Page.)

**LANSDOWNE DRY PARTY IN FAVOR.**  
His Peace Talk no Failure to Merge More Taboo.

WASHINGTON, March 6.—Lord Lansdowne's second letter has received a better reception than the famous one he wrote to the Daily Telegraph last November, and he is no longer called Marquis of Hands Up, nor is anything said about his age. A lot of water has flown under the bridge since last November when Lord Lansdowne, ultra aristocrat, advocated peace by negotiation. Many opinions since that time have been modified. Although hardly a single journal agrees with him entirely, all the newspapers display his letter prominently and allow their readers to draw their own conclusions. Just why he should select this moment to issue his letter is a mystery. The Marquis decided to publish his second letter. Unfortunately the enemy is now riding the crest of the military wave, which is the poorest time for a peace proposal. Lord Lansdowne is a clever diplomatist with powerful supporters and he is unlikely to brave an attack unless he is confident that his courage and perseverance are calculated to bring him nearer his goal. I understand that he is acting independently.  
**THE VITAL POINT.**  
The vital point in his second letter is his reference to Alsace-Lorraine and the Italian claims to enemy territory, which questions, he suggests, should be left to an international peace congress.  
His weakest feature is the total absence of any reference to German military operations. He has ignored them courageously and asserted the venture to predict that there will be many to endorse his suggestion regarding the transfer of territory from one power to another. Such Labor leaders as Arthur Henderson, J. H. Thomas, Robert S. Miles and S. C. Anderson will support him, as will all so-called moderate Liberals and a number of his Tory colleagues. Lords Ashton, Bryce, Beauchamp, Buckmaster, Courtney, Farrer, Harcourt, Lorne, Parnor and Russell are almost certain to endorse his policy. The right-wing, Sir John Simon and Herbert Morrison of the former ministry are expected to fall in line. As usual it is difficult to place former Premier Asquith. His decision will influence a great number of legislators.  
**FORCE STATEMENT.**  
Whether such proposals as those in the continuation of this evil, and  
(Continued on Second Page.)

## FIGURES ON THE RAINFALL FOR STORM AND SEASON.

THE following table gives the statistics on the rainfall of the present storm up to the time of going to press, and for the season as compared with last year:

Stations	Storm	Season	Last Year
Los Angeles	1.30	8.37	14.41
Whittier	1.21	7.98	13.85

## RAINFALL GENERAL OVER SOUTHERN PART OF STATE.

Average Precipitation Reported is About One and a Quarter Inches.

THE storm area remains stationary and is central over the valley of the Colorado River with secondary depressions covering the interior valleys of California. The greatest precipitation, 2.28 was reported from Nordhoff; .65 only fell at San Diego, although the back country is reported to have received a thorough drenching.  
South of the Tehachapi the rainfall was general, showing an average precipitation of approximately 1.35 inches. In the San Gabriel, San Fernando and Pomona valleys this average was well maintained.  
From Ventura, San Luis Obispo and the region around Tehachapi the rain has been steadily falling for the past thirty-six hours and though some of the northern rivers are showing signs of a flood stage, the rivers in the south are practically dry, a mere thread of water flowing. This, the farmers say is the ideal condition as the water soaks into the soil instead of being carried off in the streams.  
The Los Angeles River is carrying a fair stream, but the San Gabriel is not showing any signs of the storm, a mere thread stream only being visible. The predictions are for continued showers.  
**RAIN IN THE NORTH.**  
(By Direct Wire—Exclusive Dispatch.)  
SAN FRANCISCO, March 6.—It continued to rain again in Northern California tonight with every prospect that it will continue during tomorrow at least. For the past two days while the State, south of and including Fresno, received a good wetting, the fall north of Tehachapi was negligible. Another foot of snow was added to the accumulation on the ground at the Summit today, making the total amount reported tonight a little over six feet. A good storm in the mountains would double the amount. This is what irrigation and hydroelectric concerns are hoping for as a serious shortage of storage water is certain unless further heavy rains and snows occur.

## DRY ZONES EXTENDED BY DANIELS'S ORDER.

No Liquor in Five Miles of Naval Camps and Vallejo Saloons Must Quit.

WASHINGTON, March 6.—(By A. P. Night Wire.)  
Five-mile dry zones around the eight permanent naval training stations and camps, irrespective of whether there is an incorporated city or town within these limits, was ordered today by Secretary Daniels. Other orders may be issued later, but for the present no change is made in the regulations governing conditions around other camps.  
Under the authority of the selective service law the Secretary forbids the sale or giving away of liquor within five miles of the Great Lakes training station, near Chicago; the training stations at Norfolk and Hampton roads; the training camp at Mare Island, Cal., and the marine stations at Quantico, Va., and Port Royal, S. C.  
As in the case of the army camps, an exception is made of the

## VISIONS OF CHICAGO DRY GIVE SALOONISTS SHOCK.

CHICAGO, March 6.—Visions of a Chicago as dry as the Sahara Desert, following the first announcement of the government's intention to abolish the sale of liquor within five miles of naval training stations and camps, resulted today in the hurried calling of conferences of hotel men and saloon keepers.  
The first interpretation of the move was that because of the location of a naval camp at Grant Park in the heart of the city, it would affect all downtown Chicago. Later reports which specified that it applied only to the Great Lakes Naval Training Station in this district dispelled the gloom in many quarters.  
At the Great Lakes station, which

## Formal Summons for More Troops to Complete War Machine Delayed by the Lawmaking Body.

WASHINGTON, March 6.—(By A. P. Night Wire.)  
While a large number of men will be called out during the present year to fill up the army and complete organization, it was learned tonight that War Department plans do not call for the creation of any additional divisions in 1918. The announcement concerning the second draft expected soon from Provost-Marshal-General Crowder, may outline the manner in which less than 1,000,000 men—probably not much in excess of 800,000—are to be summoned gradually during the year to complete the existing organization. Delay in the announcement as to the next draft is understood to be due to the uncertainty as to which method of allotting quotas to the States is to be followed. The Senate already has passed, and the House Military Committee favorably reported, an amendment to the law to base the quota on the number of men in Class 1; instead of upon the total registration of a State. This change may be regarded as certain to be made, but to avoid further delay, schedules of allotments under both systems have been prepared at Provost-Marshal-General Crowder's office, ready to go into effect as soon as formal action is taken.  
**DATE OF THE DRAFT.**  
As to the date of the second draft, members of Congress from agricultural sections have been practically assured that no withdrawal of men from civil life was contemplated which would embarrass harvesting. It has been indicated, however, that a relatively small number of men must be called to the colors prior to June 1, and that process may start in April, when equipment, clothing and quarters will be available. The men are mobilized, there are considerable deficiencies among the National Guard divisions shown by their emergency reports to be available for early duty abroad. Some of the men are being used also to fill up the special forces, although an additional source of supply for highly specialized technical units is being used continuously. This is by special drafts of particularly qualified men of the trades necessary. Orders are being issued by local boards calling for 533 artisans of various sorts for non-combatant units.  
Even with all of the first draft men mobilized, there are considerable deficiencies among the National Guard divisions and some of the National Guard divisions. The first purpose of the second draft will be to make up these shortages.

## REPULSE OF THE GERMANS BY AMERICANS CONFIRMED.

United States Troops Now Hold Over Eight Miles of Trench Line.

HEADQUARTERS AMERICAN TROOPS IN FRANCE, March 6.—American troops on still another place on the French front have been repulsed by Germans, who were repulsed with losses.  
This is the first time permission has been given to mention this engagement. The American forces entered the battle line in a certain place in Lorraine. The French commander congratulated the Americans on their behavior.  
The foregoing is confirmation of the French official statement of March 5 which said that a German attack on trenches held by American forces in Lorraine on the night of March 4 was repulsed.  
**EIGHT MILES HELD.**  
(By A. P. Night Wire.)  
WASHINGTON, March 6.—American troops are now holding some of the battle line in a trench on the battle front in France. It was learned today, although in an air line, that the trench is only about four and a half miles. This front is liable to extension at any time to the regular trench allotment for American troops.  
Irregularity of the trench line is responsible for their eight miles of length. They are laid out so that flanking fire may be obtained along the front. The trenches are points containing machine guns but not for this purpose. The trenches are also following the general slope of the country and wander up and down hill.  
The American sector is understood to be a divisional frontage, which means that at least three divisions of American troops are there to give the necessary support in depth for the front. This fact has aroused speculation here as to who will be selected by Gen. Pershing to command the first corps of his army. It is possible that the French system will be followed in the American army as far as the appointment of commanders goes. It is the custom in France to select any one of the division commanders in a corps as division commander, however, and in the case of the American army that would be a shock. If the French practice is adopted, therefore, the grade of lieutenant-general may be employed only for field army commanders.

## WHAT THE GIRLS CAN DO TO HELP THE WAR.

Sex Excitement Must not be Carried Too Far by Chivalry of Troops.

NEW YORK, March 6.—The most Rev. Cosmo Gordon Lang, Archbishop of York, who is in America to bring about a closer understanding between England and the United States, told the members of the Girls' Friendly Society here today that work women are doing, and can do, to help win the war.  
He said: "The question of sex excitement must be taken into consideration at this time. It is but natural that younger girls should be attracted by a stalwart young man in khaki, and it will be part of your business to provide places where these young girls may meet their soldier friends in proper surroundings."  
According to the evidence Schoon was arrested by Brisco for begging, on the streets, and shot and killed the policeman while being taken to the police station.  
**SCHOON MUST HANG FOR SLAYING OFFICER.**  
(By A. P. Night Wire.)  
SAN FRANCISCO, March 6.—Sentence of death against Joseph Schoon, convicted of the slaying of John L. Brisco, a Stockton, Cal., policeman, on February 4, 1917, was upheld by the State Supreme Court here today.  
According to the evidence Schoon was arrested by Brisco for begging, on the streets, and shot and killed the policeman while being taken to the police station.

later be intro-  
duced.

Brooks.

In view of the wide latitude a  
testimony which, under California  
Court procedure, will be admissible  
after a defense of insanity has been  
set up, it is assumed that many col-  
lateral questions will be injected into  
the case. Judging from the num-  
ber of witnesses the defense is  
summoned, taking of testimony  
support of the insanity contention  
will probably occupy several days.

Dist.-Att. Lamerson, with whom  
are associated James Durkee, as-  
sistant U. S. attorney, and George  
G. Murray of Porterville, represent-  
ing the Brooks family, will probab-  
ly make the opening statement to the  
jury according to present prac-  
tice. This statement, Mr. Lamerson said,  
will be very brief and will merely  
cover the actual shooting.

**BRAZILIANS AGAIN  
UNDER CIVIL LAW**

(BY ATLANTIC CABLE AND A. P.)

**RIO DE JANEIRO, March 6.**—  
Martial law in Brazil has been re-  
suscitated by the government. It has  
been in effect since November.

The Brazilian government pro-  
claimed a state of siege early in No-  
vember in the Federal district and  
the States of Rio de Janeiro, Ma-  
rão do Sul, Santa Catarina and  
Rio Grande do Sul. It was believed  
that the state of siege was pro-  
claimed because of a renewal of the  
attempts of the German govern-  
ment to embarrass Brazil in its war ac-  
tivities.

# THE CITY AND ENVIRONS.

## For Nebraskaans.

Members of the Nebraska State Society will hold their winter picnic at Bismarck, Minn., Saturday, Engineers' Luncheon.

At the regular weekly luncheon of the Joint Technical Societies at Hamman's Cafe, today noon, Albert C. Martin, architect of the Edison Building and Grauman's Theater, will describe the design and construction of this new building.

## For Patriotic Work.

The Canadian Woman's Club meets for patriotic work every Friday, from 2 to 4 o'clock, in the rooms of the Allier Relief Association, twelfth floor of the Hibernian Bank Building, Fourth and Spring streets. All women who desire to help will find a welcome.

## To Sales Class.

Lyman P. Clark, sales manager of the Lord Motor Car Company and member of the International Sales Managers' Association, will speak to the sales class of the Young Men's Christian Association, this evening, on "Successful Selling."

## For the Middle-aged.

Members of the Half Century Association will hear a report on the "helpful farming" in Normal Hill, California, next Sunday evening. The members have been invited to hear talks on "Farmers' Grains" by Dr. Edward B. Warman in Temple Baptist Church.

## Lectures on Talmud.

Starting next Sunday afternoon at 8 o'clock, Rabbi Isidore Myers will give a series of lectures on the Talmud in Blanchard Hall. The lecture next Sunday will be on the subject "What is the Talmud?" Judge Thomas White will preside. Mrs. Ella Rachin will present piano solos and Miss Leona Kallin will sing.

## To Tell of Alaska.

An illustrated lecture on Alaska and the Yukon country will be the principal number on the programme of the Alaska-Yukon Club, which will be held in Forum Hall, No. 303 Marquette place, tomorrow night. Joseph Chibber will deliver the lecture, which is illustrated with stereoscopic slides and which will be a recital of his personal experiences.

## RENEW THE EFFORT TO OBTAIN RELEASE.

### [BY A. P. NIGHT WEBB.]

SAN FRANCISCO, March 6.—The State Department has renewed efforts to obtain the release from England of Baron Louis von Horst, former San Franciscoan, held as a prisoner of war on suspicion that he was a German spy. It was announced today by E. Clemens Horst, his brother, who has just returned from Washington.

Baron von Horst is held on the Isle of Man and it is his brother's contention that he has been kept in detention as a result of suspicion aroused by his title. Previous efforts by the State Department to obtain his release failed.

E. Clemens Horst also announced that he had closed a contract with the War Department to supply dried vegetables to the army.

## SUGAR CONSUMERS MUST GET BENEFIT.

### [BY A. P. NIGHT WEBB.]

WASHINGTON, March 6.—Consumers of sugar must be given the benefit of any special allowances made by refiners to distributors, the Food Administration announced tonight, in calling attention to its recent statements discountenancing sales of sugar by wholesalers and shippers at an advance over delivered cost of more than 15 cents to 25 cents a hundred pounds.

The administration said it had received reports that refiners were offering a special allowance or extra compensation to distributors by reason of special services said to have been performed by distributors' clerks or as an equivalent of advertising expense.

## POSTAL EMPLOYEES CHARGED WITH THEFT.

### [BY PACIFIC CABLE AND A. P.]

HONOLULU (T. H.) March 6.—Postal thefts aggregating thousands of dollars were laid today by Federal officials to Harry D. Melem and Frank Cunha, postoffice clerks, arrested on a charge of rifling mail sacks from the three mail delivery routes from the postoffice, according to federal authorities, who said the stolen articles consisted mainly of stationery and other valuable jewelry. Some money also is missing, it was charged. The arrested men were both prominent athletes here.

## AUTO-SUGGESTION.

### [BY A. P. NIGHT WEBB.]

WASHINGTON, March 6.—Government control and operation of the packing industry during the war was suggested by Senator Kenyon of Iowa today before the Senate Agriculture Committee.

## DEPUTY ASSESSOR'S OFFICE ABOLISHED.

### [LOCAL CORRESPONDENCE.]

VENICE, March 6.—The services of J. N. Birbeck, the appointee of City Clerk Thomas Wilde to the deputy city assessorship, were today dispensed with by the latter, who still stands pat, however, in his avowed intention to refuse to recognize the appointment of Roy Thatcher to the position. The latter was appointed by unanimous vote of the City Trustees in the face of Mr. Wilde's letter to the board asking its concurrence in his appointment. When Thatcher showed up yesterday the City Clerk, who is also City Assessor, refused to swear him in. The board's appointee showed up at City Hall again today, but was politely but firmly told that there was nothing for him to do.

The City Clerk believes that the office of deputy assessor could be abolished at this time and the work done by employees of the City Clerk's office. This he gives as a reason for dispensing with Birbeck, and he will insist upon this procedure if Thatcher appears at City Hall today.

## "CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get rid of bad breath, sour stomach, coated tongue, indigestion.

Get a 10-cent box now. They're fine! Cascarets loosen your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two like candy, before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and enjoy the almost, gentlest liver and bowel cleansing you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation. Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

## GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR.

It becomes beautifully soft, wavy, abundant and glossy at once.

Save your hair! All dandruff goes and hair stops coming out.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incalculable softness, luster and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Danderine at a drug store or a store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

## BUSINESS BREVITIES.

### [Advertising.]

If it is raining today or if it rains tomorrow or next week just remember that you can come into this store, select a good water-resistant overcoat or raincoat in less time than it takes to tell about it. Cloth hats are good things to wear rainy days and we have rubbers, umbrellas, mackinaws and oil slickers if you want them. ### SCOUTS NEAR GOAL

#### CAMPAIGN FOR FUNDS.

Three-fourths of Needed Sum Secured by Committee; Today's Last Day.

Twenty-two of the twenty-three members of the Boy Scout fund-raising committee reported on the campaign of the Los Angeles County Scout Council. The campaign, which was launched on Monday, has been a success. The committee has secured three-fourths of the needed sum of \$100,000. Today is the last day of the campaign. The committee is confident that it will reach its goal.

The campaign has been a success. The committee has secured three-fourths of the needed sum of \$100,000. Today is the last day of the campaign. The committee is confident that it will reach its goal.

### Big Losses.

(Continued from First Page.)

men working in this one plant are earning and spending for a living. If they do not reside in San Pedro, they are spending that money elsewhere, so the harbor district business men are losing that amount of business daily. There is this about it, too.

The workers are discontented because they have to ride the cars all the time, and unless they are given comfortable quarters soon they are going to drift elsewhere to find better conditions. The northern harbor towns have already provided the men with suitable housing.

Mr. Cohn said the harbor business men are overlooking a great opportunity by not building rooming-houses. His opinion is that unless the people see their chance and make the money themselves the government will condemn property and erect its own buildings out of a recent appropriation for such purposes.

This forenoon at 9 o'clock the Long Beach Chamber of Commerce expects to hold a big meeting to stir up enthusiasm with a view to seeing what can be done there in the matter of providing suitable housing facilities for the thousands of employees at San Pedro.

### GOOD PAST RECORD

#### SAVES FROM JAIL.

YOUTHS WHO STOLE AUTO, THEN REPENTED, RELEASED ON PROBATION.

Youth, previous good reputation and family connections saved Irving and Leroy Tweedy, 19 years old, from going to jail yesterday, for stealing the automobile of Mrs. Esther Rainbolt, on January 5. Judge McCormick released the brothers on probation after giving them a long verbal illustration of the seriousness of the charge against them.

The court took into consideration the fact that the youths are members of a well-known Los Angeles family and cautioned them in the future to keep the family name unblemished.

At a previous hearing the boys confessed to having stolen the machine from in front of a department store, driving it to Rivera, where it was disposed of. On the way home both were overtaken by the police, and some one person may be responsible for each part of the equipment.

FOR TRAIL'S UPKEEP.

Definite plans have been worked out for the upkeep of this trail after this work is accomplished. By the use of volunteer teams and trucks, the sprinkling wagons that are to be furnished by the State of Utah will be hauled, and the road will be kept sprinkled in the dry season, so as to prevent the heavy dust that has been a trying feature during the past season. Clark county, Nevada, will make arrangements for the maintenance of its portion of the trail, and other plans are to be provided for to prevent a relapse into present deplorable conditions.

The Manganese Association and truck-drivers will join in the movement to put the road in proper condition between Searchlight and Las Vegas.

With the improvement of this trail it is expected that there will be a notable increase of travel between the Middle West and California over this route.

### COULTER'S DRY GOODS

FOUNDED IN 1878

Seventh Street at Olive

#### Best in Dry Goods Since 1878

#### Woolen Materials in the Dressmakers' Sale

Although woolen materials are rising in price all the while, women must have some garments of them; of course, and no better opportunity for selection can be had than at Coulter's.

#### The New Serge Dresses for Spring Are Very Charming

One of many of the new models has the long-waisted bodice, embroidered and beautifully braided with soutache braid; the skirt is narrow, with a tunic that runs to a point at the one side and is edged all around with flat silk braid—every detail is new. Many other models show tunics and graceful plaited skirts, with smart surplice or blouse effects, or the well-liked loose-fitting bodice; many have sashes, draped pockets or flying tabs. Some are elaborately braided and embroidered, others are made on plain-tailored lines especially intended for the "coastless" days of spring. Navy blue and black. Prices \$25 and more.

#### New Afternoon Dresses

Flowered chiffons, fine crepes de chine, many foulards and foulard patterns, chiffon taffetas, soft taffetas combined with crepe Georgette—a great, new, attractive collection, showing plaited and circular tunics and plaited-panel skirts, some with swinging panels, odd little side draperies and flying peplums. Oh! you'll want to see them all, with their beautiful embroideries and beading and pretty colorings. Prices \$30.00 to \$37.50.

#### Here Are Some of the Things Women Want to Know About Spring Suits

They come with Eton jackets, pony coats, short and medium-length coats; coats that fit snugly to the waistline and flare out over the hips, and coats that hang in a straight line from the shoulders—many in Norfolk styles. Collars are an important feature, and nearly all of them have silk over-collars, whether they are in the long shawl effects, or cut square, as many are. Vests and leather belts are strikingly new features. All in all, they are a little snuggler, a little trimmer—a little smarter than ever before.

Tricotine, serge, wool poplin, gabardine, wool velour checks, Irish Dent tweed, hairline stripes, checked woollens, scrim and heather mixed jersey. Prices \$30.00 to \$57.50. (Garments, Third Floor)

COULTER'S—Seventh Street at Olive

#### Linings in the Sale of Dressmakers' Supplies

Positively the most complete showing of plain and novelty linings ever displayed at Coulter's—dressmakers are entitled to their customary discounts on any regular priced linings.

For 28 Years the Home of Perrin Gloves

And women are doing their best to keep them busy all hours of the day until Easter at least. For the women who have their clothes made or make them themselves:

### CIGAR TOBACCO MAY BE RAISED LOCALLY.

VISITOR SAYS CLIMATE OF SOUTHLAND ADAPTED TO THE PROJECT.

Growing of cigar tobacco in Southern California will become one of the new industries if plans of the Niagara Tobacco Plantation Company of Philadelphia are carried out in this section. A. R. Lewin, representing the company, sought information at the Trade Extension Bureau of the Chamber of Commerce yesterday relative to districts in the Southland where farmers would put in tobacco under the direction of experts.

These crops the first year would be largely as tests and the farmers will be paid for their labor. The districts found best adapted to growing the Sumatra and Java tobaccos will be utilized in producing large crops.

Mr. Lewin stated that the company for a year and a half had been studying California climate and soils and had found that conditions here are the only ones in the United States favorable to growing these grades of tobacco.

Prices of this tobacco range from 65 cents to \$2.50 per pound. The plant requires warmth, partial shade and cannot stand frosts. It is planned to grow patches of from five to ten acres of tobacco in various sections of Southern California and have these supervised by experts, who will be brought here by the Niagara company within the next ten days.

Mr. Lewin stated that successful growers could realize from \$750 to \$1000 an acre on the crop. He said that his company would spend \$75,000 to obtain the first year's crop and was prepared to spend a quarter of a million if their plans develop as they expect.

### BIG SHOW COMING.

Venice Aggregation Will Open in Los Angeles on March 21.

The Al G. Barnes shows now wintering at Venice will soon enter on their 1918 season. The California showman has kept more than 150 people busy since coming into winter quarters in November renewing and refurbishing his show.

March 15 will be their opening day at Santa Monica and after making some beach towns and getting the show into full swing, they will open for three days in Los Angeles March 21-23.

There will be the usual street parade and the opening spectacle representing the conquest of the jungles.

### FOR FOOD FIT TO FIGHT ON.

Torpedo Boat Destroyer Davis of the U.S. Navy

The Government is just as particular in selection of foods as it is in the choice of men.

Fighting spirit, alertness and strength can't be derived from poor foodstuffs. Both men and materials must be the best obtainable.

### CALUMET BAKING POWDER

has been selected by the Government for Army and Navy use.

It has been accepted by the Government as meeting the critical requirements necessary in the way of strength and general perfection in purity and wholesomeness.

Calumet Baking Powder proved, by tests, to be acceptable to the Government as the most acceptable baking powder for home use—the purest and surest—the baking powder that makes foods fit to fight on—fit for your family to grow and work on.

### THE DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character; the symptoms or diseases are given and the answers will apply in any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Ridge, College Springs, Iowa, enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions are filled at any well-stocked drug store. Any druggist can order of wholesaler.

I have never found anything to equal the beneficial results of a thorough treatment of plain yellow sulphur. It is cooling, cleansing and invigorating, and thousands now use it regularly as a hair and scalp tonic.

"Restless" writes: "I am uneasy about my health. My kidneys and bladder are not well. I have spells of depression, do not sleep well, have to arise frequently. Urine bad odor and color, very scanty sometimes. My ankles puff and under my eyes I have bags." Please prescribe.

Answer: Your symptoms indicate you need treatment to tone up the functions of kidneys and bladder. Obtain in sealed tubes balneovite medicine, take as per directions for several weeks, or until relief is experienced.

Mr. writes: "When a person becomes uncomfortable, the symptoms are to millions of people through the press columns, and doubtless has helped in relieving illness and distress more than any single individual in the world's history. Thousands have written him expressions of gratitude and confidence similar to the following:

Dr. Lewis Baker: Dear Sir—I have been taking Sulphur Tablets for constipation and liver trouble for two weeks, and find that they give me the most beneficial results of anything I have taken for the past 25 years. So please send me a box of Sulphur Tablets to all my friends. I enclose stamp and coupon for book, "Health and Beauty," and trusting I may receive more benefits from reading it, I am Very truly yours, T. J. O'BRIEN, 21 Pine St., Middlesex, Mass.

Lady writes: "I am writing for advice to cure myself of pimples and boils. My skin seems too oily. Answer: The organs which eliminate waste matter need attention. Obtain three grain sulphur tablets (not sulphur tablets) and take regularly as per directions for several months.

"Texas" writes: "Can a sufferer from bronchial trouble be relieved? Doctors do not seem to help me, what would you suggest?"

Answer: To relieve chronic cold, sore throat, bronchitis, I would advise the use of concentrated essence mentholaxene. Purchase this at any drug store in 24 oz. packages and mix according to directions given on bottle and you will very shortly be relieved of all bronchial trouble. This will not only relieve, but will correct, and is very pleasant to take.

"Father" writes: "Should a man of forty-six find himself utterly incapacitated? Am weak, nervous, timid, self-conscious. Do not sleep well. Arise with a tired feeling, lame back and often have severe headache in the back part of head. Pickle appetite, but when I do eat, do not get strength."

Answer: To use a common expression, "you have exceeded the speed limit" and your nervous system needs the aid of an invigorating tonic medicine. Get a tube of three grain cadomene tablets. Take as per directions and continue treatment several months if necessary.

Young Miss writes: "My hair is coming out, my scalp itches and dandruff is much annoying, and I want something to cure these conditions."

Answer: For hair and scalp troubles

RAILS AND STEELS SHARE IN WALL STREET ADVANCE

Promise of Better Money Conditions Fulfilled, Exchanges Rally.

NEW YORK, March 6.—(By A. P. Night Wire.)—The market for rails and steels shared the honors of today's demure stock market, the former advancing 1 to 2 1/2 points on intimations of early Federal developments beneficial to the transportation systems and the latter responding quite substantially to some very favorable exhibits of earnings.

St. Paul common and preferred enjoyed especial prominence for a time in the accompaniment of rumors indicating dividend action, and Rock Island featured the lower-priced western rails.

Gross gains in equipments extended from 1 to 2 points, Republic Iron and Crucible and Lackawanna steels frequently rallying. United States Steel in activity. The latter closed at a small fractional loss, others of the same group cancelling their gains in the hour on a general reaction in shipings and specialties.

Pools were less conspicuous, speculative issues like General Electric, Baldwin Locomotive and Mexican Petroleum holding within comparatively restricted limits and ending at net recessions of 1 to 3 points.

Sales amounted to 115,000 shares. Promise of better money conditions was fulfilled, sell loans rolling at 4 1/2 per cent with an abundance of offerings. Liquor was again the

FINANCIAL

OFFICE OF THE TREASURER, Los Angeles, March 7, 1918.

TOM REED DECLINES; DEMAND FOR TRUE OIL

EAST DRIFT ADVANCED FIFTY FEET IN GOLD ORE MINE, GOOD SHOWING.

For the first time since the recent boom in Tom Reed was inaugurated the stock closed lower than it opened yesterday afternoon, and now that the short sellers have either covered and stood the loss or been suspended for not meeting their obligations, the demand seems to have disappeared.

Brokeners report that the demand for True Oil is increasing and that buying orders are plentiful, many of them being for large blocks. This stock has been very active for the past ten days, with a market advance during that period of around 2 1/2 per cent. At present it is offered at 4 1/2 with 6 1/2 bid.

Gold Ore was firm around 40 yesterday, and word was received from the mine that the stock had advanced fifty feet, with both faces showing ten feet of solid ore. This raises to connect with the mine will be completed Friday and the ore chutes put in and stopping connected at once. Handling ore should be under way not later than next Monday, and as soon as the mine and mill buildings are ready the mill will be put in operation.

Liberty Bonds were second in activity yesterday and Rice Ranch Oil became popular, selling from 1.31 to 1.33 closing at 1.34, with 1.40 bid. United Eastern sold from 4.77 down to 4.45 and closed with 4.55 offered and 4.40 asked.

THE METAL MARKET: LEAD, TIN, SILVER.

NEW YORK, March 6.—(By A. P. Night Wire.)—The metal market was quiet today, with prices generally steady.

HECLA MINING

We are informed that Hecla is now using the Marsh Mill full time, which means that its monthly production is increased to about 2500 tons.

PERMIT BY CAPITAL ISSUES COMMITTEE OF FEDERAL RESERVE BOARD

MILLER & LUX INCORPORATED, San Francisco, California, has been granted a permit by the Federal Reserve Board to issue bonds.

Miller & Lux Incorporated

Real Estate First Mortgage and Refunding 6% Gold Bonds Series "A"

Dated May 1, 1918. Callable at 102%. Due May 1, 1933. Interest payable May 1 and November 1. Coupon or Registered Bonds. Denomination \$1,000. Tax Exempt in California.

Application has been made to the Superintendent of Banks to certify these bonds as legal investment for Savings Banks in California; and the bonds are sold subject to the condition that the application will be granted.

Trustee—MERCANTILE TRUST COMPANY OF SAN FRANCISCO.

We have received telegraphic permission for the sale of these bonds from the Capital Issues Committee of the Federal Reserve Bank, Washington, D. C. This permission constitutes no approval of such issue as regards its merits, security or legality in any respect.

These bonds will be secured under deed of trust dated May 1, 1918, to the Mercantile Trust Company of San Francisco, Trustee, on absolute first lien upon land (and appurtenances thereto) located in San Francisco, Santa Clara, Madera, Merced, Kern, San Mateo, San Benito, Monterey, San Luis Obispo, Tulare, Kings, Los Angeles, and San Bernardino Counties, California, appraised during the year 1917 by the appraisers for the Controller of the State of California at over \$5,000,000, and all lands in the State of California which may be hereafter acquired.

They will also be a direct lien upon all the additional lands (and appurtenances thereto) owned by Miller & Lux Incorporated in San Francisco, Madera, Merced, Stanislaus, Fresno, Tulare, Kings, Kern, San Luis Obispo, Santa Clara, San Benito, Santa Cruz, San Mateo, Los Angeles, Alameda and Bernardino Counties, California, appraised during the year 1917 by the appraisers for the Controller of the State of California at over \$24,000,000, subject only to \$5,000,000 Miller & Lux Incorporated First Mortgage 5% Bonds (issue of 1910) now outstanding.

As these bonds are the direct obligation of Miller & Lux Incorporated, they will, therefore, be also protected by the assets and business of that corporation.

The trust deed will provide that as long as any of the bonds of the issue of 1910 remain outstanding, the Corporation must maintain, unencumbered, net quick assets of not less than 50% of the amount of bonds of this Real Estate First Mortgage and Refunding issue outstanding.

The total value of the lands upon which these bonds will be a direct lien has been appraised at over three and one-half times the total bonded indebtedness of the Corporation, including this issue.

In addition to other sinking fund requirements, the trust deed will provide that until the 1910 bond issue is retired, 75% of the proceeds of sale of any lands upon which these bonds are a first mortgage shall be paid over to the Trustee for account of the sinking fund, which sinking fund moneys will be used for the purchase or redemption by lot of bonds of this issue or of the issue of 1910; after the 1910 issue is retired, 50% of the proceeds of sale of any lands covered by this trust deed shall be paid to the Trustee for similar purchase of bonds of this issue.

CAPITALIZATION AT CONCLUSION OF PRESENT FINANCING

Capital Stock, authorized and outstanding	\$12,000,000
5% Bonds of 1910 (closed mortgage)	5,000,000
Real Estate First Mortgage & Refunding 6% Bonds to be issued immediately (see note)	5,000,000
<b>Total</b>	<b>\$22,000,000</b>

NOTE: The trust deed provides for the issuance of bonds as follows:

New offered for sale	1,000,000
Reserve for the Board of Directors	1,000,000
Reserve to retire the 5% bonds of 1910 (due in 1933)	1,000,000
To be issued only when needed	1,000,000
<b>Total bonds authorized by the trust deed</b>	<b>\$4,000,000</b>

Pending the issuance of definitive bonds, purchasers will receive interim receipts bearing 6% issued by Mercantile Trust Company of San Francisco.

Price—Par, Yielding 6%

Application will be made to list these bonds on the San Francisco Stock and Bond Exchange.

The information above, while not guaranteed, is obtained from reliable sources.

CORN PRICES HIGHER AS AVERAGES BETTER.

SCANTINESS OF OFFERINGS GIVES STRENGTH TO OATS. PROVISIONS UP.

(By A. P. Night Wire.)

CHICAGO, March 6.—Corn brought somewhat better prices today, helped a little by improvement in the average quality of arrivals.

The market closed steady, with May 2.27 1/4, a net advance of a shade. Oats gained 1-1/2 to 3-1/2.

The outcome in provisions ranged from 2 cents decline to a rise of 7 cents.

Higher grading of the new receipts of corn, although gratifying, left much to be desired. Nearly half of the supply coming in still contained more than 23 per cent. of moisture. Unsettled weather and a falling off in the rapidity of the crop movement counted more or less in favor of the bulls, but were considerably offset by reports that the number of cars available at Illinois stations showed a material increase.

Estimates were current that the total stock of corn on farms was 1,450,000,000 bushels, an aggregate surpassing any previous records.

Scantiness of offerings of record on decided upturn gave strength to oats and, too, did export business by way of the gulf. Estimates of record-breaking farm reserves, 434,000,000 bushels, failed to keep prices down.

Speculations averaged higher as a result of higher quotations on hogs. Most of the buying was for shorts. Winter packing was figured as 2,500,000 short, compared with last year.
